Henry Hobbick, Prop.

Diabolo Cream Separator

600 lbs. only \$46.75

It's the sensation of the world. The bowl is made from the best Swedish steel. It has upper bearings. Main frame is strong and durable. The base is cast in one solid piece. The gearing is all contained in the main frame of the machine. It is guaranteed to produce as fine a quality and as great a quantity of cream and butter as any separator made. It has fewer discs to wash than any other machine. Its light running and easy to regulate. All bearings are made of the highest phosphor bronze. Call and see this wonderful machine before you buy elsewhere.

Specials

Two weeks washing done before school, can you equal it? 3 Reasons why: 1—Washes by air pressure. 2—Suction. 3—Rotation. Just like three washers working at once.

The Punch Mop for oiled floors \$1.50. With first dozen will give a 50c can of polish free. Big sale on pocket knives—100 knives at 25 to 75c each. Come and see us before you buy your lubricating oil—especially automobile owners—we have something to show you. One minute power Vacuum Washing Machine. Drop in and take a look at it.

Voda

Since the snow every thing shows up nice and green.

A. D. Parsons little girl has an attack of pneumonia.

O Knudson stays at Ralph Kristof's every Monday and Tuesday.

Mrs. R. Owens was on the sick list the fore part of the week.

Richard Owen's house is completed and now is ready for the plasterers.

Ralph and Charles Kristof were busy pulling up pumps Wednesday.

Mr. and Mrs. L. Benson and family are moving to Wa-Keeney this week.

Jack Shrader moved in from the Saline onto his place south of Collyer.

Allen Oldham of Hays moved here last week where he will make his future home.

Mr. and Mrs. J. Griffith, Mr. and Mrs. R. Kristof and Mr. Beldin spent Sunday evening at F. and O. Schwanbecks.

Tom Mummerts new house is looming up fast and the school will be out soon so look out for Tom, he expects to do something desperate.

Mr. and Mrs. Philip Schmitt and daughter, Roberta, of Gorham, visited with Mr. and Mrs. E. L. Knapp the latter part of the week.

Mrs. L. A. Davis assisted Rosie Zeman with the county examination here last Saturday. Thirteen pupils of the eighth and ninth grades wrote.

Mr. and Mrs. R. Owens, Mr. and Mrs. C. Poffenberger and family, Miss E. Knuff and Mr. and Mrs. J. Griffith and family spent last Wednesday at Ralph Kristofs.

F. and O. Schwanbeck, R. Kristof and A. Owens were fishing last Tuesday. Otto Schwanbeck was the luckiest fellow in the bunch he caught such a monster of a fish that he broke his pole in getting it out.

Ogallah School and Local Notes

Elizabeth Harrison is attending school at Hays.

I. N. Nixon made a business trip to Salina this week.

The Ladies Aid met with Grandna Burk last Wednesday.

Notice these items for future plans on last day of school here.

Some fine moisture we're having now. The wheat fields look like green carpets.

Marquand Bros. have been dealing with C. F. Reeves this week in the windmill business.

A party was given last Thursday evening from 7:30 to 10 at the home of Julius Hillman in honor of his daughter Julia.

The boys from Dist. 14 played our boys a game of basket ball last Tuesday. Ogallah was badly defeated again notwithstanding our boys did some good, clean playing for their size. Our boys return the game Saturday April 22 the last day of school at dist. 14.

Subscribe for WORLD—largest circulation in county almost 3 to 1.

Why go outside for your farm loans when you can get them at home? Talk it over with the Wa-Keeney State Bank. adv. 7

Wanted—Horses to pasture, plenty of water, all loco removed. Nelse Hendricks, Ogallah, Kan., Phone No. 1105. adv. 7. 3a

MAKING the "Silvertown" Cord Tire, taught us a few lessons in the manufacture of lighter, cooler, more flexible and enduring FABRIC Tires.

The "Silvertown" Tire, you know, gains its marvelous Speed (and the Coasting qualities that demonstrate its Speed) primarily through having only TWO layers of Cords, laid transversely.

Of course, these TWO layers bend more readily than Five, Six, or Seven Layers of Fabric do (or of Cord would).

But, we found it necessary, in order to conserve that flexibility (in the Two-cord construction), to put a Rubber Tread over it which was equally flexible, —equally strong, —and elastic enough to act as a sort of spring between the Earth and the Tire-casing, when Brakes were thrown on at stopping, or clutch thrown in at starting.

So, we had to devise practically a new kind of Rubber, for this purpose, TWO YEARS AGO.

And this new kind of Rubber Compound now does for GOODRICH Tires a work paralleling that done by the wonderful Alloys of Steel and Bronze in modern Motor Car construction.

It multiplies Rubber Efficiency, for Tire purposes, while decreasing its Weight, and without increasing its Bulk, or its Cost to you.

As we cannot yet supply half the demand for "Silvertown Cord Tires" (until enough manufacturing equipment can be constructed) we compromise with the Public by giving them, without additional charge, the highly efficient black Silvertown Rubber in all Goodrich FABRIC Tires for 1916.

This makes GOODRICH Fabric Tires the most Resilient and Responsive-to-Power, —the most Long-Lived and Lively, of all FABRIC Tires, at ANY price, —without increasing their relative price to you.

We call this new Silvertown Tread Compound by the name and brand of "Barefoot Rubber."

Because, it CLINGS to the pavement for the same sort of reason that your bare foot clings to a slippery floor, while being flexible, stretchy, springy, and light.

TENACIOUS, resilient, enduring, this "Barefoot Rubber" you today get in all black-tread Goodrich Fabric Tires, —Goodrich Motor-Cycle Tires, —Goodrich Truck Tires, —Goodrich Bicycle Tires, —Goodrich Rubber Boots, Overshoes, Soles and Heels, and in none but GOODRICH products.

Test out a pair of these moderately priced black-tread FABRIC Tires and see what results from the mixing of BRAINS with Rubber.
